

KASTO

MENU

buon appetito

KASTO originated during one of those unique journeys we all fantasise about, travelling in a van just with our surfboards from Sydney to Margaret River along 7,000km of coastline and stunning sceneries. In awe. 4 Italian friends with a dream to influence the current and future friends to welcome more plants in their life, and of course being Italians Pasta and Pizza were part of the puzzle.

KASTO was born.

At KASTO we believe there is nothing better than sharing!

To live the ultimate food experience we recommend sharing a few dishes in true Italian family style

WE make everything in our kitchen from our Pizzas to our meatballs.

Pasta is handmade from scratch daily.

Kasto is a restaurant with a purpose:
Serving our people ethically sourced and plant-based food, made with local ingredients of the highest quality.

We care about what you eat.

Enjoy our soul-food, in the name of a better, smarter, more sustainable world.

KASTO
